First Call Maintenance - SMS Privacy Policy

Last updated: August 30, 2026

First Call Maintenance ("FCM," "we," "us") operates a text messaging service that allows tenants to submit maintenance requests and receive status updates about those requests.

Information we collect

When you text our maintenance number, we collect your phone number and the content of your message in order to log, respond to, and track your maintenance request.

How we use your information

Your phone number and message content are used solely to process your maintenance request, communicate updates about that request to you, and maintain a record of the request for our internal property management operations.

No sharing of mobile information

We do not share, sell, or rent your mobile phone number or SMS opt-in data to third parties or affiliates for their own marketing or promotional purposes. Your information is used only for the purpose of operating this maintenance request service.

Message frequency

Message frequency varies based on your maintenance request activity. You will generally receive a confirmation message when a request is received, and status update messages as that request is scheduled, worked on, and completed.

Message and data rates

Message and data rates may apply, depending on your mobile carrier and plan.

Opting out

Reply STOP at any time to opt out of receiving text messages from this number. Reply HELP for assistance.

Contact

Questions about this policy can be directed to First Call Maintenance through your normal property contact channels.
